Full-Stack Web-Developer / CTO

Offering Equity

Yes

Description

We are a young Startup and are expanding our core Team. YoungFounders.net is a platform, where People can connect, find Co-Founders, share ideas, create Startups and join Events. Social Media and Networking is our Passion and our Vision is to become the Meeting place for the Startup world!

Based in Zurich, Switzerland, we are now in Need of a full-stack web developer ready to be part of this adventure. As the CTO you will be in charge of further developments of the platform.

The ideal candidate must be experienced in the following:
PHP, CSS, Javascript as well as familiar with the Laravel Framework.

Specific skills:

A Person with a good skill set, but mostly consumed by a Motivation to continuously learn more and challenge themselves. We Need technical ability mixed with a creative instinct and an ENTREPRENEURIAL mindset.

Compensation: We are offering equity
