On behalf of the Government & People of Liberia, I welcome all visitors from abroad to our land. May your time here, be it only a few days or a longer stay, be most enjoyable.

As Minister of Information, Cultural Affairs & Tourism, I extend my gratitude to both Cellcom and Emerging Business Lab for producing this Monrovia Visitors Map. Not only is it a helpful tool for spreading information about Monrovia, but it is an invaluable guide for visitors to navigate our capital city.

Liberia has a great potential for tourism, and it is thanks to Emerging Business Lab's efforts and Cellcom's support that Monrovia has this beautiful tourist aid.

Welcome to Liberia!
